

Something in the Darkness

by John Dougherty and Matt Schu

Duck Hand Shadows

Have fun creating your own spooky shadow duck.

- Use a bright torch or desk lamp
- Shine the light towards a plain, light-coloured wall or screen
- Stand or sit between the light and the wall

Tip: placing your hands closer to the light will make the shadow large, while moving them closer to the wall will make it sharper.

Hand Instructions

- Arm: Raise your hand with your elbow bent.
- Fingers: Keep your four fingers straight and pressed tightly together.
- Wrist: Bend your wrist forward slightly to form the head.
- Beak: Place your thumb under your four fingers to make a beak shape.

To Make It Quack

- Action: Keep your top fingers still.
- Movement: Move your four fingers away from your thumb in an open and close motion.

Design a Pumpkin

*On walls and steps and gateposts,
every Jack-o'-lantern's grin,
is made menacing and creepy
by the candlelight within*

Design your own pumpkin below.
For extra effect, colour the pumpkin
orange and the elements that would
be carved out in black.
